Dear Parents,

We are very excited to bring engineering and STEM based activities into our class room in March. (National engineering month in Canada.) We would like to celebrate Holi (Festival of colours) in our skate change room on March 6th and 7th (Monday & Tuesday) Marking the beginning of spring after a long winter and signifying the triumph of good over evil, Holi is a festival celebrated annually around the end of February or early March. Bonfires and the throwing of bright colors are significant in celebration.

Warm regards

Teacher Kavi & Teacher Kaya

Paper Sculpture Idea for kids:

Try this at home

Chorus: (To the tune of "Farmer in the Dell")	Suggested full body movements:
We are engineers. We are engineers! We can solve problems because We are engineers!	(one thumb in to chest) (second thumb in to chest) (march in place) (both thumbs in to chest)
Verse: (follow along using poster)	Suggested full body movements:
First we Explore, Then we Create, Improve to make it better 'Cause engineers are great!	(look through pretend magnifying glass) (wave hands in front of body) (wiggle fingers high over head) (march in place then jump!)

Construction Worker Song

(to tune of: "Here we Go Round the Mulberry Bush.")

This is the way we pound our nails,
pound our nails, pound our nails.
This is the way we pound our nails,
So early in the morning

Other verses:
saw our wood
use a screwdriver
drill a hole
stack the bricks
paint the walls
