

Playdough Recipe

Play Dough Recipe:

1 cup white flour

1/2 cup salt

2 tablespoon cream of tartar (find it in the spice section not the fish section as in tartar sauce!)

1 tablespoon oil

1 cup water

food coloring

Mix first 4 ingredients in a pan. Add water and mix well. Cook over medium heat, stirring constantly, for 3 – 5 minutes. Dough will become difficult to stir and form a “clump”. Remove from stove and knead for 5 minutes—add food coloring during kneading process. Play dough will keep for a long time stored in a covered plastic container or plastic sandwich bag. Consider doubling or tripling the recipe.

*If you're only making one colour, add the food colouring to the water!
